NOTICE

The north end lumber merchants extend to you a cordial invitation to call and inspect our stock of lumber, which is second to none for grade and price. We carry a full line of lumber, shingles, lath, wood shims, doors, storm doors, storm windows, roofing, felt and plain papers and several grades of tar paper including Jubilee, Triumph, Victoria, Anchor, Lion, etc., all new stock and under sheds.

A. G. HOWE & CO.

AROUND THE TOWN

A. Bossenberry of Calgary was a visitor in town this week.

D. C. Corbitt of Edmonton was a business visitor to town this week.

R. Tunsley of Calgary has accepted a position with the Golden West Hotel.

Mack Ryckman was a visitor in the north last week, returning on Sunday last.

Mr. and Mrs. U. Fossenden of Houghton, S. D., are visiting friends in the district.

J. P. Freely of Medicine Hat is another new settler in Didsbury. He is located at the Alexandra hotel.

F. N. Ballard and Mrs. Ballard of Edmonton were in town this week visiting friends and on business.

Mr. Price, late blacksmith at the Knowlton coal mines, has opened up the north end shop and is now ready for business.

Dr. Moore, the vet., is the latest in town to succumb to the auto fever, having purchased a 14 h. p. Franklin car last week.

B. Allett of Cremona was in town on Saturday on his way to Lincolnshire City, Lincolnshire, Eng., for a few months' holidays.

Morning service at the Baptist church on Sunday next at 11 o'clock. Evening service at 7.30. All heartily invited. Topics of interest to you.

Mr. W. Wigglesworth has sold his three year old trotting colt, Tom, got by Nickensheath 2.12, to Sinclair brothers, the south end blacksmiths.

Mr. Art. Ruby, son of Mr. and Mrs. Jas. Ruby, has been appointed manager of the Atlas Lumber Co.'s yard in Didsbury and will take up his new duties at once.

Mr. and Mrs. J. P. Conrad and sons and Mr. and Mrs. S. Myers, late of the Golden West hotel, left on Tuesday afternoon for Calgary where they will make their home for the future.

The new time table which went into effect on June 1st on the C. P. R. only effects two trains on the C. & E. The train going south in the early morning now leaves at 6.04 a. m. instead of 6.23 a. m., and that going north arrives at 1.32 a. m. instead of 2.45 a. m.

A large black bear was brought into town on Saturday by Mr. Lawrence Gilmore of Harmattan. Mr. Gilmore with Walter Webb was fishing in the Burntwood Lake district, 50 miles northwest of town on Thursday last when they saw two black bears at some distance. They got within 200 yards of one of them and Mr. Gilmore shot it when it immediately took after Mr. Webb, who saved himself by climbing a tree, and the bear was too weak to bother more with him. The weight of the bear was 435 pounds and he measured 8 feet from the tip of the nose to the end of his hind legs. Bear meat was all the go in Didsbury on Saturday.

Are you one of those to whom every meal is another source of suffering?

Na-Dru-Co Dyspepsia Tablets will help your disordered stomach to digest any reasonable meals, and will soon restore it to such perfect condition that you'll never feel that you have a stomach. Take one after each meal. 50c. a Box at your Druggist's. Made by the National Drug and Chemical Co. of Canada, Limited.

His Snakebite

The serpent made the reputation of Adam and Eve. Right you are; the snake was the first publicity agent.

A corrector of Pulmonary Troubles.—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in curing disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes as no other preparation can.

Sister Knew it

Modest Sister—I am going to marry your sister, Willie, but I am not good enough for her.

Candid Little Brother—That's what Sis says, but ma's been telling her that she can't do any better.—Brooklyn Life.

Minard's Liniment used by Physicians

Poor Old Doc

Blinks—What do you think of Dr. Cook? He says that he's going to live to be 150 years old.

Jinks—That's nothing. I know some jokes that are 200 years old.

Waxes at—Amusements that appear when treated with Hodo-way's Corn Cure.

Goldstein is a newly made country gentleman who is visiting the village school—"Now, can any one of you boys tell me what nothing is?" Small voice (after long silence)—Please sir, not you give me for 'oldin' yer 'orse yesterday.—Punch.

HORSES NEED CAREFUL HANDLING

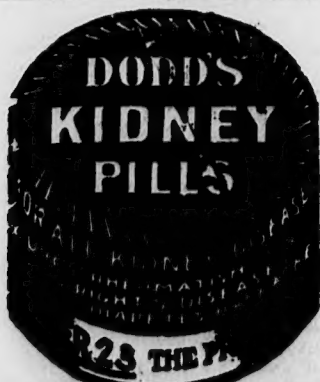

To most horse owners it is a matter of costly experience that an apparently slight wrench or sprain or cut is much more serious in a horse than in a human being. A man goes ahead and works it off, but the horse is liable to be "put out of commission" for weeks or months.

When this has happened in a busy season, the horse owner is thereafter keenly interested in getting quick action at the first sign of accident or disease. In fact many successful horsemen make a practice of looking each animal over carefully every morning to see that it is all right. If it is not, they get busy at once.

A great help then is a little book called "A Treatise on the Horse and His Disease," published by Dr. B. J. Kendall Co., Enosburg Falls, Vermont. While it emphasizes the necessity of sending promptly for the Veterinary in serious cases, this little book tells clearly and briefly just what to do for such ailments as Spavin, Splints, Ringbone, Wire Cuts, Lameness and Sprains, that can be effectively cured by home treatment when one knows what to do and has the proper remedies handy.

This book can be obtained free from any druggist who sells Kendall's Spavin Cure, the thirty-year old standard, or direct from Dr. B. J. Kendall Co., by simply writing them at Enosburg Falls, Vt., U.S.A.

Shall we go to Europe on our honeymoon, dear? She—I want to go awfully. But it seems such a waste of time to miss seeing all those wonderful things.—Life.

W. N. U. 901

Women of Persia

During the last five years, the women of Persia have become almost at a bound the most progressive, not to say radical, in the world. The fact makes one gape with astonishment, and upsets the previous notions of centuries.

Without the powerful moral influence of the Persian women—those so-called chattels of the oriental lords of creation—the short-lived, but marvelously conducted revolutionary movement in Persia which has recently been smothered by Russia and England would have paled early into a mere disorganized protest. It was they, from their cloistered lives, who, with the patriotic support of the 15th mus priests, fomented the national movement of the forms of government and for the modification of western political, commercial and ethical codes.

How to Become a Neurasthenic

Eat no breakfast. Indulge in but one meal daily; at any rate, not more than two. Eat no meat. Eat fresh cereals, vegetables, nuts and fruit. Masticate every morsel 268 times—267 times won't do. Take a cold bath every morning.

Be massaged daily. Read the health magazines daily. Read all the books on how to gain self-control and on psychotherapy. Concentrate the mind upon the digestion and upon all articles of diet. Upon every possible occasion discuss your imaginary troubles with your friends and cooee your wife into entering to every dietetic whim that you can formulate. Buy a lot of apparatus for indoor exercise and roll a cannon ball around over a selected portion of one's anatomy.

DIFFERENT NOW

Since the Slugger, Coffee, Was Abandoned

Coffee probably causes more biliousness and so-called malaria than any one other thing—even bad climate. (Tea is just as harmful as coffee because it contains caffeine the drug in coffee).

A Ft. Worth man says:

"I have always been of a bilious temperament, subject to malaria and up to one year ago a perfect slave to coffee. At times I would be covered with boils and full of malarial poison, was very nervous and had swimming in the head.

"I don't know how it happened, but I finally became convinced that my sickness was due to the use of coffee, and a little less than a year ago I stopped coffee and began drinking Postum.

"From that time I have not had a boil, not had malaria at all, have gained 15 pounds good solid weight and know beyond all doubt this is due to the use of Postum in place of coffee as I have taken no medicine at all.

"Postum has certainly made healthy, red blood for me in place of the blood that coffee drinking impoverished and made unhealthy." Name given by Canadian Postum Co., Windsor, Ont.

Postum makes red blood. "There's a reason," and it is explained in the little book, "The Road to Wellville," in plags.

...Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

COUGHS AND COLDS

Are Dreaded by Mothers Who Fear for the Safety of Their Children

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

What a weight of responsibility rests on the mother of the family during the winter season!

In every cough and cold she recognizes the voice of Croup, Bronchitis, Consumption or other deadly throat and lung complications.

Few people, even among those who are convenient to doctors, can afford the luxury of a physician for every cough or cold, even though they realize the seriousness of neglecting such ailments.

For all such, Dr. Chase has provided a prompt means of cure known as Dr. Chase's Syrup of Linseed and Turpentine.

One reason why mothers prize this treatment above all others is because of its suitability for children. It is sweet and pleasant to the taste, and children like to take it. By its soothing, healing action it is wonderfully prompt in curing Croup, Bronchitis and Whooping Cough, and can be used by children with perfect safety so long as directions are followed.

Thousands of families in Canada keep Dr. Chase's Syrup of Linseed and Turpentine in the house at all times for use in cases of emergency. This is the only way to be sure of protecting the bronchial tubes and lungs against coughs and colds. 25c. a bottle, family size 60c. at all dealers or Edmanson, Bates & Co., Limited, Toronto.

My doctor says I ought to ride a horse, said the indolent man. "What for?" I don't know. Maybe he's tired of treating me for dyspepsia and wants a broken collar bone for a change.—Washington Star.

MOONEY'S BISCUITS

ONE TIRED WOMAN AND ONE LITTLE OVEN

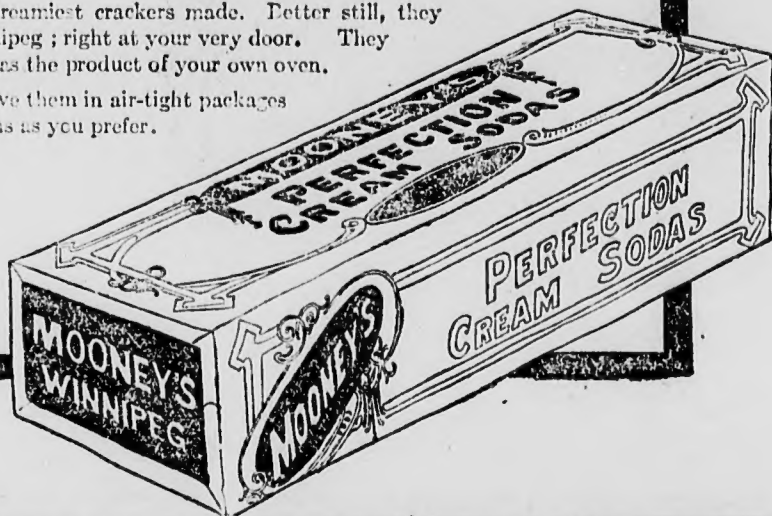

You have probably been there yourself—perhaps are right now.

Bright women all over Canada are getting away from this. They welcome **MOONEY'S BISCUITS** as a most acceptable substitute for their own bread and biscuits.

An unfortunate state of affairs exists with some of the farmers close to town who now find that the seed oats which they planted are not coming up. We do not intend to say anything as to whose fault this is because we understand this matter will be fought out in another place but we do wish to draw attention to the fact that there surely have been enough warnings given both by this paper and by the farm journals about seed grain and it seems to us that not enough precaution was taken when buying. The farmers who have lost out on this deal have our entire sympathy as it is bad enough to lose the crop near harvest time without getting knocked out right at the beginning of the season as the best that can be done now by replanting will be only to get green feed.

First Rural Municipality

When the historian of the future turns his attention to the growth of self government in Alberta and the progressive idea in taxation, he will single out the municipality of Huamha as one of the pioneers of development and the first rural municipality in Alberta which has risen to a sense of full responsibility in the administration of its local concerns, for the people of Huamha are the first in the province to take advantage of the provisions of the rural municipalities act passed by the legislature at the session of 1912. On May 11, a plebiscite in accordance with the provisions of the act was taken, and by 54 votes to 41 the residents of the area, six townships or 36 square miles, decided to organize and thereby undertake the management of their own affairs, to adopt the single tax, which is an integral provision of the act, and to set themselves in the forefront in the fostering of the community spirit in the farming districts.

Although the vote was taken three weeks ago the result has only just become known. Preparations are now to be made during the summer months for the winding up of the affairs of the local improvement districts, which are to be superseded, and in the second week of December, the first municipal elections will be held. —Edmonton Capital.

Examinations 1912

The departmental examinations for grades VIII, IX, and X, will be held this year on June 24th, 25th, 26th, 27th, 28th and 29th at the following centres:

Acme, Alix, Bankhead, Bawlf, Basano, Berry Creek (Stewartville S. D.), Coleman, Calgary, Camrose, Cardston, Carmangay, Carstairs, Cator, Claresholm, Cochrane, Conte

(Mound Lake S. D.), Crossfield, Daysland, Delia (Hill View S. D.), Didsbury, Edmonton, Erskine, Fort Saskatchewan, Gadsby, Granum, High River, Holden, Innisfail, Lacombe, Lamont, Langdon, Leduc, Lethbridge, Lloydminster, Macleod, Magrath, Medicine Hat, Nanton, Okotoks, Olds, Pembina (Riverdale S. D.), Pincher Creek, Parr, Ponoka, Provost, Raymond, Red Deer, Rimbey (Kansas Ridge S. D.), Sedgwick, Staveley, Stettler, Strathcona, Taber, Tofield, Vagreville, Vermilion, Wainwright and Wetsiwin.

The examinations in these three grades will be conducted at the same centres during the same days and under the same presiding examiners. The department will supply the required paper and ink but candidates are advised to provide themselves with rulers, compasses, penholders, etc. Copies of the time table will be mailed upon request.

Candidates who have not already selected one of the above centres should advise the department at once at which centre they desire to write

Crop Prospects and Dairying

The crop prospects in the Didsbury district generally are exceedingly good, and if no untoward mishap happens before harvest time this district should report a good yield of all kinds of grain if conditions continue as good as at present.

However, the farmers of this district are realizing the fact that mixed farming is the best for this part of Alberta and consequently are not growing grain so much for market as for their own needs in feeding live stock, and they are wise, too, considering the prices which are being received for all kinds of stock.

Keeping His Hand In

The hanger of the Calgary Industrial Exhibition, June 28th to July 5th, is being distributed. The illustration depicts a cowboy, whose occupation has presumably been cut off by the encroachments of the grain grower, "keeping his hand in" by roping a sheep or a goat from among several shown on the opposite side of a barbed wire fence. The delight of the cowboy in the success of his achievement is equalled by the seeming reluctance of the inanimate sheep to be drawn towards its natural enemy and by the terror of the horse at witnessing the frivolous nature of his rider's employment.

Anyone wishing a copy of the hanger can have one mailed by writing to E. L. Richardson, Victoria Park, Calgary, Alta.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

Mistress—"Jane, I saw the milkman kiss you this morning. In the future I will take the milk in."
Jane—"I wouldn't be no use, mum. He's promised never to kiss anybody but me."

DISTRESSING HEADACHE

Headaches are largely the result of disordered kidneys.

Mrs. Hall, 84 Flora street, St. Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to my home duties. My back was weak and caused me much suffering through the night. I had doctored for years, but all to no avail. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c a box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from the R. T. Booth Co., Limited, Fort Erie, Ont. Sold and guaranteed by H. W. Chambers.

CHAPTER XXI
Carried Off

Harry Clavelworth lay in bed the next morning after Mrs. Anning had called him at seven, feeling too much out of temper to get up.

It was his first Sunday in Dorset and Dorset takes its Sundays sadly. Mrs. Anning had even made a favor of awakening him.

"I'm Do'set, it is true," she admitted, "but what with going to school in Salisbury and being in service with the Warnes so long and going to London with them, I haven't Do'set ways or speech much. But Do'set folks he abed Sundays and don't care to bestir themselves too much, save for church, and chapel-going, on that day."

The rain was pouring down. For a fortnight the weather had been fine, and it was now making up for lost time.

"What will she do at Lodgers on a wet Sunday?" Harry wondered. "There is the Catholic chapel and the priest from Seacombe for the foreign servants. But she; is she Protestant or Catholic? Protestant, I suppose since she was to be married in the church here. Yet the Clavels, her guardians were Catholics, and she spoke very sympathetically about the monks. But then, she sympathizes with everyone! What was it that led her to change toward me and show herself so womanly gracious? It was the one touch needed to make me think of her, not as a queen, but as a wife, my wife!"

Yet their meeting had been brutally interrupted by Sammy's ill-omened speech.

She had grown white as death as she heard it, and for a moment Harry thought she would have fallen. But when he sprang forward to assist her she had waved him away with her hand and, taking her hat, had put it on with trembling fingers, and bowing to him in the old distant fashion, had left the room.

Not once had she even glanced in the direction of the idiot. Outside in the hall she stopped and, calling Mrs. Anning, had given her some message for her husband in a low voice before leaving the house.

Harry saw her cross the grass plot but did not dare to follow her. He was furiously angry with her ugly protegee, and could not help heartily wishing that the bullet at Lyllyngton had put an end to him. Later on when he questioned Mrs. Anning about the fellow, the farmer's wife declared that he had said he was "a

SAVED FROM
AN OPERATIONHow Mrs. Reed of Peoria, Ill.,
Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. Forty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered

from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided
Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

wounded playen' w' a gun," and had seen a doctor, who had extracted the bullet from his forearm. He had then, so she said, announced his intention of going to bed and had locked himself into the outhouse in which he sometimes slept.

"He is not nearly so mad as you think, Mrs. Anning," had been Harry's comment. "In my opinion he is a spiteful, dangerous brute, and a great deal too much kindness is wasted upon him."

The thought that the fellow was again beneath the same roof with him, after his last stupid insult to Lady Anne, was intensely disagreeable.

"Married to a dead man!"

Harry hated the words. Too much had been made of past crimes and follies. Lady Anne was young and youth is a time for love and not for ugly memories.

He thought over her fair face as she had smiled at him and over her hands as she had made his tea, and in the middle of his enthusiastic fancies he met the eye of Helen, first Lady Clavel, fixed upon him in bitter derision under her steeple-crowned witch's hat.

Harry sat up in bed and threw a pillow at the picture.

"Take that, you little, grinning, unbelieving beast!" he exclaimed. "Do you think there is no such thing as love because you were too ugly or too evil ever to inspire it?"

After that onslaught, lying in bed, under the scorn of Lady Clavel's eyes was impossible. Harry jumped up and presently descended to breakfast. He was struck by the sanctimonious stillness of the house. Even the animals appeared to know that it was Sunday and to moderate their neighing and lowing in deference to the day. The Anning children, painfully clean and tidy, with their natural good looks disguised by soapy faces, greased hair and tight clothes, crept about the house as lightly as their solid boots would permit, and the chattering milkmaids were absent.

Under an umbrella in the drenching rain Harry walked to the church on the hill, and was greeted warmly in the porch by the sexton, who loved him for the largeness of his lip.

"A wet mornin', sir, an' cold," he said. "But rain is good vor the yields an' we can keep our roofs warm praisin' the Lord."

The church, a fine old building, had been so carefully restored and so much whitewashed that there was little in it to interest an antiquarian. Most of the small congregation stared hard at Harry during the service. The young man scarcely saw them. He was absorbed in reconstituting the scene of seven years ago, when Lady Anne had stood before the altar "with a face as white as her veil" and her hand in that of her gallant young bridegroom, Lucian Warner.

Old Mr. Brooks, the mild-faced, white-haired vicar, looked intently at the young American from the pulpit. Harry would have paid little attention to the fact but for an unpleasant incident which took place as he crossed the churchyard after the service.

A sallow-faced heavy eyed young woman, dressed in black, was being led away from the church by another worshipper. She was chattering to herself in a silly fashion, but she was attracting no attention among the congregation, who were evidently accustomed to her vagaries.

Help the Starving

In some districts of the interior of China it is said that one-third of the population has died of starvation in the dreadful famine consequent on the destruction of crops by floods. All the aid thus far rendered has availed to save only a fraction of the numbers of human lives in peril. The people of Canada should not rest content till their consciences assure them that they have done their whole duty in the matter. Distance and difference of race should not quiet the call of humanity.—Hamilton Spectator.

Pills of Attested Value.—Parnelle's Vegetable Pills are the result of careful study of the properties of certain roots and herbs, and the action of such as sedatives and laxatives on the digestive apparatus. The success the compounders have met with attests the value of their work. These pills have been recognized for many years as the best cleansers of the system that can be got. Their excellence was recognized from the first and they grow more popular daily.

Australia's Big Trees

None too soon, a popular movement has been set on foot in Australia to preserve the gigantic stringybarks, various species of Eucalyptus of that country, which far exceed in height the famous "big trees" of California, and are the tallest trees in the world. These trees sometimes attain heights ranging from 400 to 500 feet. Their timber is exceedingly valuable, and for this reason they have been ruthlessly destroyed by lumbermen while no proper steps have been taken to provide for their reproduction.

Curious Sex Differences

A woman walking on a city footway will generally choose the inside. She does so partly in order to look at the shop windows but chiefly on account of the slope of the pavement, which is less on the inside.

In trams and omnibuses women mostly sit near the door. At the far end, you will, as a rule, see a majority of men. When men read while travelling they nearly always read newspapers, but in the hands of the reading girl you will, with rare exceptions, see a book.

When a woman is crossing a street with much traffic she runs, in nine cases out of ten, and the older she is the more is she inclined to run. But the man walks very deliberately. A woman holds a closed umbrella by the middle and usually clasps it to her body. No one ever saw a man carrying it in this way.

A woman usually raises a cup or a glass or a fork to her lips correctly—that is with her elbow close to her body. Most men stick their elbows out, against all rules of etiquette, in lighting a match a woman mostly rubs it in a direction away from her; a man towards his body.

RINGING THROUGH
QUEBEC PROVINCEANOTHER MARVELLOUS CURE
BY DODD'S KIDNEY PILLS

Ludger Cote's Backache had developed into Bright's Disease, and Pain and aches were his portion—Dodd's Kidney Pills cured him.

St. Yvon, Gaspé Co., Que. (Special).—Once more a wonderful cure has sent the name of the old Canadian Kidney Remedy ringing through the provinces of Quebec. Mr. Ludger Cote, a well known resident of this place, is the man cured and the story of his cure in his own words is as follows:

"For four years I suffered from Backache, stiffness of the joints and finally Bright's Disease. I could not bend my right leg on account of the pain in my hip and knee. I had terrible pains in the region of the bladder. My eyes were swollen. I was always tired and nervous and took no pleasure in life.

"Finally, I decided to try Dodd's Kidney Pills and the effect was marvellous. Six boxes cured me completely.

Backache, neglected, develops into Bright's Disease. The one sure way to escape its tortures is to cure the Backache when it first starts with Dodd's Kidney Pills.

Where Figures Fail

WOULD NOT BE WITHOUT
BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets she would not be without them. They are the only medicine for little ones guaranteed by a Government analyst to be free from those opiates and other harmful drugs found in so-called "soothing" mixtures. Concerning them, Mrs. J. C. Wood, Underwood, Ont., says: "I have used Baby's Own Tablets for the last four years and would not be without them, as I have found them beneficial every time I have given them to my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

French Customs House statistics indicate that British exports to France increased by 460,728,000 francs in the three years following the Franco-British Exhibition.

Thousands of mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Lord and Him

"You must try to be like God, sonnie," said the kindly minister to the worried-looking child who entertained him in the parlor while his mother, upstairs, was preparing for company. "I guess I must be," the boy answered, wrinkling his brows. "For God and me gets blamed for about everything that happens in this house. If it's a big thing they say the Lord did it, and if any little thing goes wrong it's sure to be me."

Used according to directions, Dr. J. D. Kellogg's Dysentery Cordial will afford relief in the most acute form of summer complaint. Whenever the attack manifests itself no time should be lost in seeking the aid of the Cordial. It will act immediately on the stomach and intestines and allay the irritation and pain. A trial of it will convince anyone of the truth of these assertions.

Evidently Not

"Does your son realize the responsibilities of great wealth?"
"I fear not," sighed the eminent magnate. "He can't seem to learn auction bridge, and he shows no sign of wanting to marry a chorus girl."

How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, nothing in the past forty years has excelled Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherrybark.

"My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month, then another would immediately form. He continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

The One Outside

There's only one way to avoid being put into an Ananias club. And what is that? Organize the club yourself and keep everybody else busy escaping it.—Washington Post.

THE TIDE OF IMMIGRATION TO THE PRAIRIE PROVINCES

Manitoba Takes the Lead During the Past Year in
Securing New Settlers, but Many go to Saskatche-
wan, Alberta and British Columbia.

Ottawa.—That the efforts of the Manitoba government and the "Million-for-Manitoba" league to turn the tide of immigration toward the province is proving highly successful already, is shown by official figures of the departments of the interior.

There were ten thousand more immigrants settled in Manitoba during the last fiscal year than the year previous, and the rates of the first month of the present year shows that all records for Manitoba will be passed this year.

Most of the new settlers are wealthy farmers who are purchasing improved properties. The official figures of 1911-12 show that 43,477 new settlers gave as their destination Manitoba, as compared with 34,553 the previous year.

Saskatchewan obtained 46,158, an increase of six thousand, and Alberta 45,957, an increase of a thousand; British Columbia figures being 51,843, a slight falling off.

Ontario is given the credit for obtaining the lion's share of the immigration the total being 100,227. However this does not take into account the vast immigration of Ontario farmers westward or the fact that many British settlers, after a short stay in Ontario struck for the prairie province.

Quebec's share was 50,602, and the maritime provinces, 15,973. Of last year's 354,237 new settlers, more than a third were from United Kingdom.

The British immigrants totalled 128,121, and American, 133,710. From Europe came 82,406 settlers.

Of the British Isles, 96,806 were from England, 32,988 from Scotland, and 8,227 from Ireland.

Ten years ago the British immigration only amounted to 11,810. There were debarré at ocean ports last year only 972 as compared with 2,210 the year 1910-11. Of these debarré, 245 were for lack of funds, while the year previous, 1633 were debarré for the same reason.

Of the British immigration bonuses were paid on 23,152, or 18.78 per cent, and 3,613 of the American immigration, or 2.79 per cent, and 2,111 European settlers, or 2.56 per cent.

During the last year 39,151 homesteads were entered on, 5,374 of the entries were English, 1,041 were Scottish, 476 Irish and 19,978 American. The European entries were 904.

The immigration authorities figure that 20 per cent of the English, 18 per cent of the Scottish, 23 per cent of the Irish, 36 per cent American and 31 per cent Europeans took up homesteads.

Of last year's immigration which arrived at ocean ports 72,828 are classed as farmers, 61,752 as general laborers, 24,133 as mechanics, 11,158 as clerks and trades, 14,748 as miners and 18,390 as domestics.

The cost of obtaining Canada's 354,000 immigrants was \$1,080,208, or under three dollars a head.

ROUND THE HORN

Rails Being Shipped from Cape Breton to British Columbia

Vancouver, B.C.—T. G. Holt, executive agent of the Canadian Northern railway, is advised that a steamer with a cargo of 500 tons of rails for the Pacific section of the road will sail next month from Sydney, Cape Breton, for Port Mann. The vessel is expected to reach its destination in August. The rails will be used in laying the tracks from Hope to Yale, a distance of 55 miles. Other vessels with similar cargoes will follow later in the summer.

Prince Arthur Gets Special Leave

London.—Prince Arthur of Connaught is to be granted special leave from the army in order to pay a visit to his parents in Canada during the autumn.

He will join the king at Balmoral in September and may go west afterwards so as to get some sport during the fall.

The expected presence of Princess Patricia in London for the midsummer season is now postponed until next year in order to enable her to serve as the companion of the Duchess of Connaught when she accompanies the governor-general upon the extended tour of the Dominion which has now been planned.

Fenian Raid Veterans' Re-Union

Ottawa.—A reunion of all Fenian raid veterans is being planned by John F. McMillan, of Cornwall, to be held in Cornwall some time in June, preferably between the 20th and the 27th. Overtures are being made with the different railroad companies to grant the veterans special rates to and from Cornwall from all parts of the Dominion. The Duke of Connaught has been invited to attend and it is understood it is very probable he will accept the invitation.

Tobacco Company Merger

Hamilton.—Arrangements have been practically consummated looking to a merger of the McDonald Tobacco Company of Montreal, and the Tuckett Tobacco Co. of Hamilton. The reasons given for the merger are that the American Tobacco Trust can be bought more effectively in Canada by the combined efforts of the two concerns than by each cutting the other's throat.

FINDS WEAPONS OF 1000 B.C.

Austrian Explorers Make Discovery in Pit Within Cavern

Vienna.—An exploration by members of the Imperial Museum into the cavern of Saint Kanzien in the Karst Mountains has yielded more than a thousand bronze implements such as swords, axes, lance heads and vessels supposed to date from 1000 B.C. They were all found at the bottom of a pit 150 feet deep within the cavern. It is suggested they were thrown in there as a sacrifice to a subterranean deity.

Hold Picture Show Owner for Murder

Villa Real, Spain.—Eighteen of the victims of Monday's fire in the moving picture house have not yet been identified and probably never can be, as their bodies are badly charred.

Five of the injured died in the hospital today.

The proprietor of the theatre has been arrested charged with murder.

Fewer Cattle Shipped East

Lethbridge.—W. R. Hill, a prominent Calgary cattle magnate, who is on a visit here says that very few cattle will be shipped from Alberta to eastern markets this season.

HAS FOUND PERFECT SPHINX

Petrie Also Reports Remarkable Discovery of Egyptian Fortress

London.—Details of the season's results in exploration by the British School of Archaeology in Egypt are described in Prof. Petrie as gigantic. An alabaster sphinx twenty-six feet long and fourteen feet high which weighed eighty tons was found at Memphis. The face is as perfect as when it was carved in 1300 B.C.

Eastern fortress walls over one hundred feet thick and a quarter of a mile across were discovered at Heliopolis. They probably date back to the early Babylonian invasion.

A cemetery was discovered thirty miles south of Cairo with dates of the stones from the earliest historic age down to the period of the pyramids. Limestone was found there of which some sheets went back to the eleventh dynasty. They were as white and as sweet as if they were just from the loom.

SPEND REMAINING DAYS THERE

Sir Charles Tupper Quits England as Home and will Live in Vancouver

Ottawa.—The veteran Canadian statesman and sole surviving Father of Confederation, Sir Charles Tupper, passed through Ottawa recently on his way to Vancouver where he will spend his remaining days with his son, Sir Charles Hilbert Tupper.

Sir Charles, who has resided in England for the last few years with Lady Tupper, was recently bereaved by the death of his wife. After bringing the body of Lady Tupper to Canada and seeing it interred in their native province of Nova Scotia, he has now decided to spend the rest of his life in the Dominion, the wedding together of which he played such a conspicuous part half a century ago.

Use Wireless in Survey

Toronto.—The Ontario government is preparing a new map of Ontario which will show the newly added territory of Patricia, next to Manitoba. When this map makes its appearance before the public the new territory will be colored green. No arrangement has as yet been made for surveying the boundary between this province and Manitoba. In doing this work, wireless telegraphy will probably be used, one station being established at Port Nelson.

Militia Training Camps

Ottawa.—That there will be 14 large training camps on the same scale as Petowawa next year is Col. Sam Hughes' plan for economizing in the present expense to bring the militia to the training camps. This will mean 13 new camps.

There will be located in Saskatchewan one new training camp in the north and another in the south, while the same will apply to British Columbia and Manitoba.

Panama Canal Regulations

Washington.—Secretary Stimson told the state committee on Inter-Oceanic canals that he favored permitting railroad owned steamships to use the Panama Canal under regulations of the interstate commerce commission. The secretary declared that he would not exclude railroad ships before wrong had been committed any more than he would have a child killed because it was threatened with mumps. He favored the same tolls for domestic and foreign vessels, provided it did not violate any treaty relations.

MAY HAVE TWO NAVAL UNITS

Two Dreadnoughts, Four Cruisers, and Auxiliary vessels on Pacific and Atlantic

Ottawa.—An interesting rumor is in circulation about the naval proposals which, it is said, are likely to be made by Premier Borden and his colleagues to the admiralty.

It is said that Canada will propose that the British admiralty maintain naval units of two Dreadnoughts, four cruisers and auxiliary vessels on the Pacific and Atlantic coasts. Canada to pay for the upkeep of these two units.

Canada, under these proposals, it is said, would provide large dry docks on both coasts. Of course, Premier Borden declines to discuss the report and intimates that the government will have no official announcement to make in regard to the navy.

KAISER TO FORBID DUELLING

Emperor May Issue Order as Result of Agitation

Berlin.—The Tagliche Rundschau says that as a result of the strong agitation against duelling in the army it is announced in high military circles that the Emperor soon will issue an order forbidding duels except in rare instances where honor has been grossly offended. The order will have a particular bearing on cases where a refusal to fight is made on religious grounds.

J. W. McNicol, of Lethbridge, Chairman of the Exposition Committee of the International Exposition of Dry-Farmed Products, Machinery, Sanitation and Labor-Saving Devices, to be held at Lethbridge, Alberta, October 21-26.

Hold U.S. Horses in Canada

Lethbridge.—In the neighborhood of seventy head of American horses are being held at Milk River station by the Mounted Police. These animals were found grazing in Canadian territory on the property of Mr. Farrell of Sweet Grass, Montana. Just as to what the Dominion government will do with the animals is not yet known.

THE MARKET REPORT

Weekly Grain Letter Supplied by Thompson, Sons & Co., Grain Merchants, Winnipeg.

Winnipeg, May 22.—The gradual weakening of the wheat markets which became so pronounced during last week culminated on Monday of this week with another decline of 1c to 1 1/2c. High points of the recent large advance in the United States markets were reached about the 7th inst.

The advance began about 6th to 7th April when the damage to the soft winter wheat crops in Ohio, Indiana, Illinois, and Missouri began to be confirmed by the investigations and reports of private crop experts, which later were officially validated by the Government's May crop report. From the beginning of April up to about the 7th inst. there was a gradual advance in prices in the speculative markets with almost no reactions, the advance running from 10c. to 17c. per bushel according to the different markets. Cash prices followed the speculative prices, although reluctantly.

Of course this large advance was confined to the United States markets, although it had a strengthening influence in all grain markets over the world. The fact is, however, that the wheat situation in the United States in these latter days runs very close to a wholly domestic proposition, where the prospect points to a partial failure of the crop.

The prospect of higher prices as the result of crop damage reports broadened the United States markets in April, and started the public to buy July and September wheat speculatively. By the second week of this month, when the advances had reached the figures mentioned above, the damage reports had begun to lose their influence and were replaced by favourable reports from the hard winter wheat states, Oklahoma, Kansas, and Nebraska, and then the markets paused, held fairly steady for a week without any further bullish stimulus appearing, and for lack of it the inevitable reaction started. The big professional operators who had bought freely on the upward movement sold out their holdings as quietly as possible, securing good profits. This more wide awake among the public also got out as quickly as possible

when they discovered how the current was moving, and lastly the longs who had overstayed their market were shaken out, each stage in the decline being helped along by bear operators selling short. There has been a decline of around 7c from the 12th points around May 7th to the 10c points reached on Monday the 20th. The viewpoint of the market has again changed. The United States visible supply is seen to be decreasing heavily. The damage reports are being revived. The spring wheat crop in the United States has had a fairly favourable start, but there is believed to be a large decrease in the acreage. The world is being reminded that the United States wheat crop is not grown yet, and while most of it is green and flourishing in appearance much of the winter wheat is thin on the ground and weedy, and all of it has its most critical time before it, and the markets have advanced 2c to 3c from the low points reached on the 20th inst. The large decrease in the United States visible supply in the last two weeks is attracting attention as is also the smallness of the world's exports last week as compared with the same week last year, and this week Bradstreet's world's visible stocks shows a large decrease compared with a liberal increase last year. Along with these, the primary receipts in the United States each day this week show considerably less than on the same days last year, and the primary shipments show considerably more. If this comparison continues to the same degree in the next three or four weeks the United States visible which has looked so big all winter, will have become less than it was a year ago. Last year, owing to the very warm dry weather the United States winter wheat had an early harvest; this year there is the prospect that it will be a late one. Last week the United States visible supply increased 3,612,000 bus., compared with a decrease of only 506,000 bus. same week last year and it now stands at 31,568,000 against about 27,101,000 bus. last year. The world's shipments last week were 11,556,000 bus., against 16,280,000 bus. same week last year. The world's visible supply according to Bradstreet's decreased last week 4,716,000 bus. against an increase of 3,036,000 bus. last year. Since the 1st July, 1911, to date, the shipments from exporting countries to importing countries have been 107,000,000 bus. less than in the same period of 1910-1911. While the price making factor for the present and immediate future is the supply to meet the current demand up to the time new crops begin to move out of the farmers' hands, that for the more distant future will be the prospect for the yield of the new crops. At the present time there is too certainly that the production of wheat in the crop year 1912-1913 will be larger than the previous year, but with good growing conditions in the larger producing countries, it may be. Just now it looks certain that the United States will produce less, but a favorable season for the spring wheat may improve the prospect. In Western Canada the seeding season has been a mixed one as regards weather, there having been an unusual quantity of rain and cool weather. It is difficult to estimate the acreage yet, but it is not nearly so large as it would have been with a drier seed-time. A great deal of the seed has been run into stubble land without plowing, and much of the seed is inferior, and it will need a favorable season during the next three months for good results. In Europe the reports read as if fair average crops might be expected if average weather conditions continue till crops are secured. It is now seed-time in Australia and the Argentine. Conditions are favorable in the latter country, but the weather in Australia has been too dry, and there is talk of a decrease in the acreage for the new crop. Whatever new crops may turn out the world is going to begin the new season with a very small surplus of old wheat in both visible and invisible supplies.

Our Winnipeg market has been comparatively steady and firm. During the weakness in the markets in the forepart of the week under review the demand for cash wheat was quiet, but with the advance in prices in the last two days a good demand has sprung up again. Receipts from the country continue liberal, and contain a larger proportion of the higher grade owing to elevator companies having shipped out their low grades and kept the best wheat to the last. The movement east by lake has been very large, and terminal stocks are now getting down to a moderate size. Today's cash prices are: 1 Nor., \$1.04 3/4; 2 Nor., 101 1/2; 3 Nor., 95 3/4; No. 4, 94 1/2; 5, 93 1/2; No. 6, 92 1/2; No. 7, 91 1/2; No. 8, 90 1/2; No. 9, 89 1/2; No. 10, 88 1/2; No. 11, 87 1/2; No. 12, 86 1/2; No. 13, 85 1/2; No. 14, 84 1/2; No. 15, 83 1/2; No. 16, 82 1/2; No. 17, 81 1/2; No. 18, 80 1/2; No. 19, 79 1/2; No. 20, 78 1/2; No. 21, 77 1/2; No. 22, 76 1/2; No. 23, 75 1/2; No. 24, 74 1/2; No. 25, 73 1/2; No. 26, 72 1/2; No. 27, 71 1/2; No. 28, 70 1/2; No. 29, 69 1/2; No. 30, 68 1/2; No. 31, 67 1/2; No. 32, 66 1/2; No. 33, 65 1/2; No. 34, 64 1/2; No. 35, 63 1/2; No. 36, 62 1/2; No. 37, 61 1/2; No. 38, 60 1/2; No. 39, 59 1/2; No. 40, 58 1/2; No. 41, 57 1/2; No. 42, 56 1/2; No. 43, 55 1/2; No. 44, 54 1/2; No. 45, 53 1/2; No. 46, 52 1/2; No. 47, 51 1/2; No. 48, 50 1/2; No. 49, 49 1/2; No. 50, 48 1/2; No. 51, 47 1/2; No. 52, 46 1/2; No. 53, 45 1/2; No. 54, 44 1/2; No. 55, 43 1/2; No. 56, 42 1/2; No. 57, 41 1/2; No. 58, 40 1/2; No. 59, 39 1/2; No. 60, 38 1/2; No. 61, 37 1/2; No. 62, 36 1/2; No. 63, 35 1/2; No. 64, 34 1/2; No. 65, 33 1/2; No. 66, 32 1/2; No. 67, 31 1/2; No. 68, 30 1/2; No. 69, 29 1/2; No. 70, 28 1/2; No. 71, 27 1/2; No. 72, 26 1/2; No. 73, 25 1/2; No. 74, 24 1/2; No. 75, 23 1/2; No. 76, 22 1/2; No. 77, 21 1/2; No. 78, 20 1/2; No. 79, 19 1/2; No. 80, 18 1/2; No. 81, 17 1/2; No. 82, 16 1/2; No. 83, 15 1/2; No. 84, 14 1/2; No. 85, 13 1/2; No. 86, 12 1/2; No. 87, 11 1/2; No. 88, 10 1/2; No. 89, 9 1/2; No. 90, 8 1/2; No. 91, 7 1/2; No. 92, 6 1/2; No. 93, 5 1/2; No. 94, 4 1/2; No. 95, 3 1/2; No. 96, 2 1/2; No. 97, 1 1/2; No. 98, 1/2; No. 99, 0 1/2; No. 100, 0.

Oats.—The oat market had quite a decline, the May option losing 4c. per bushel, closing at 44 1/2c. on Monday against 45 1/2c. last Wednesday. The feed grades declined only 2c. There has been a recovery of 1c to 1 1/2c since Monday, and the demand is good again. Today's cash prices are: 2 Canadian Western, 45c.; 3 C.W., 41 1/2c.; Ex. 1, 43 1/2c.; 1 Fd., 43 1/2c.; 2 Fd., 41 1/2c.

Barley.—The barley market is quiet and prices nominal.

Flax.—The flax market continues firm, and today's cash prices are 1 N.W., \$2.01; 1 Man., \$1.95; Rejected, \$1.75. Futures closed: May \$1.98; July, \$1.95 1/2.

All prices quoted above are based on delivery in store Fort William and Port Arthur.

THE SUNDAY SCHOOL

LESSON X—SECOND QUARTER
FOR JUNE 9, 1912

Text of the Lesson, Luke vi. 39-49
Memory Verses, 47-49—Golden Text,
Jas. 1, 22—Commentary Prepared by
Rev. D. M. Stearns.

This seems to be our last study for the present from the sermons on the mount and on the plain and reminds us of one of our Lord's sayings on the night of His betrayal, "If ye know these things, happy are ye if ye do them" (John xiii. 17). See also His words in Luke viii. 21, "My mother and my brethren are those which hear the word of God and do it." In verse 46 of our lesson His words, "Why call ye me Lord, Lord, and do not the things which I say?" are very similar to Matt. vii. 21, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven, but he that doeth the will of my Father which is in heaven." There is no conflict between all similar sayings and such words as these: "Being justified freely by His grace." "To him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness." "By grace are ye saved through faith, not of works." "Not by works of righteousness which we have done," (Rom. iii. 24; iv. 5; Eph. ii. 8, 9; Tit. ii. 5). The former texts refer to the life and works of saved people as an evidence before men of their salvation by the finished work of Christ, with an awful warning that no mere "say so" on our part will suffice. There will be many who profess to be the Lord's but who are not sincere, not born from above, to whom He will say in that day, "I never knew you; depart from me ye that work iniquity" (Matt. vii. 23). Members of churches who are satisfied to be such and rest on the fact of their baptism in infancy or confirmation or standing in the church or in the community, but do not know the forgiveness of sins, having never been redeemed by the precious blood of Christ, and while in their place in church once a week are wholly in the world and live only for this present world, how fearful their future in the outer, where there shall be weeping and gnashing of teeth (Matt. viii. 12; xiii. 42, 50; xii. 13; xlii. 51; xvi. 26, 27).

While this will be the doom of many, it is not for us to judge any one, but to see to it that we ourselves are truly the Lord's and live to help others to be truly His and to let Him work in us to will and to do of His good pleasure (verses 27, 28; Phil. ii. 12). If we do not see clearly ourselves we cannot lead others, and in Matt. vii. 15, we are told of false prophets who outwardly seem to be sheep but inwardly are ravening wolves, not living to help the sheep but to devour them. These are more fully described in Jer. xxiii. 14-26, as speaking a vision of their own heart, prophesying deceit, making people vain, encouraging evildoers and telling them that no evil would come upon them, perverting the words of the living God. Such people wanted to kill Jeremiah because he spoke only what the Lord told him (Jer. xxiv. 7-11). The word of the Lord is not acceptable to the world and especially to the worldly part of the church, which cannot endure sound doctrine. Our Lord so taught His disciples and talked with His Father about it (John xv. 18, 19; xvii. 14). The margin of lesson, verse 40, says that every disciple shall be perfected as his Master and Heb. ii. 10, says that the captain of our salvation was made perfect through sufferings. He was always absolutely perfect, but as our High Priest, able to sympathize. He had to be tried (Heb. ii. 17, 18) and to learn obedience by the things which He suffered (Heb. v. 8, 9).

According to our Lord's heart searching teaching when we think that we see failings in others we must remember that, while there may be a trifle wrong with the other party, the probability is that the greatest trouble is at our own end. We are not therefore to judge one another any more, but endeavor not to be a stumbling block in another's way (Rom. xiv. 13). Ambitious to be quiet and to mind one's own business (1 Thess. iv. 11, R.V., margin, and Weymouth), and so to abide as branches that the vine may bear the desired fruit unhindered. The last clause of lesson, verse 45, says, "Of the abundance of the heart the mouth speaketh." Compare Matt. xii. 34, "The mouth of fools poureth out foolishness; a wholesome tongue is a tree of life" (Prov. xv. 2, 4). I have just received a letter concerning one who was filled with pity for two others behind whom she walked whose conversation was wholly concerning dress and the fashions. Soon she found herself in a shopping district and somewhat fascinated by the very things she had condemned in others. As she passed on the words held her, "As he thinketh in his heart, so is he." (Prov. xxiii. 7). Being ashamed, she determined to fill herself with the words of Jesus that her thoughts might be more like him. She found it a splendid remedy and has since been greatly blessed in the use of His Words thus laid up in her heart. This is a practical illustration of Prov. xxii. 18, 21, which I, too, have for many years proved in my life and teaching. It is possible to be a well of living water springing up for the benefit of others.

It's Sound Business Policy To Dress as Well as You Can.

There's a clean-cut virility about Style-Craft designs that appeals to men who are doing things.

There's a shape-permanency and an honest goodness of materials that win men who believe in getting their money's worth for every dollar.

Remedies for Cutworms

Either of the following remedies will be successful if properly mixed and carefully applied:

Take a few heads of lettuce (fresh) and dip in a solution of Paris green, in the proportion of a quarter of a pound of Paris green dissolved in five gallons of water. After thoroughly soaking, cut into pieces and in the evening place at intervals on the land where the cutworms appear.

The other, and by far the better remedy is to take five pounds of bran and dampen it with water into which about two ounces of sugar have been mixed. Dissolve a quarter of a pound of Paris green in rain water, and add to the bran and mix together, adding sufficient bran until the whole is almost but not quite dry. When the whole is of the consistency of porridge, place it in small patches wherever the cutworms may appear. They will at once leave everything else and take to the poisoned bran. The mixture may be laid around the plants or in a row on either side of them. This must be done in the evening, and repeated until the cutworms have disappeared.

There is no insect through Canada which gives more trouble than cutworms, of which there are about 300 different kinds which have very much the same habits. It hides during the day, comes up at night, drags the plant under ground and eats it there. In 1900, in British Columbia, \$187,000 damage was sustained from one kind of cut worm. I have given the only known remedies for this pest. The first application ought to clear every cutworm out of the garden, and after a second application there certainly should be none left. — Calgary News-Telegraph.

A very interesting meeting was held at Mrs. J. Good's. The superintendent of Sunday school work had charge of the meeting and some helpful suggestions were offered as to teaching on temperance Sunday.

The Union decided to have a public Evangelistic service and social evening on next Monday evening. Everyone in the community is invited to attend as a good programme is being arranged for and you cannot afford to miss it.

Our next meeting will be held at the home of Mrs. Phil Ward. At this meeting Mrs. Oldham will give a report of the Lacombe Institute.

Notice

If I find any person sneaking around again on the A. G. Schmidt farm they are liable to be prosecuted to the full extent of the law. I have rented the place and believe I can take care of it myself. W. J. SCHEIDT.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

Bulls Bring Good Prices

There were 37 bulls offered at the Lacombe bull sale which was held under the auspices of the Alberta Cattle Breeders Association, on May 29th, 1912, and 36 animals found buyers at good prices. The average price paid was \$139.61.

The highest price paid for an individual animal was \$235 for a Short-horn bull exhibited and bred by P. A. Switzer of Lacombe.

There were four Angus bulls sold at an average price of \$152.50, the highest price paid for any animal of this breeding was \$205.

There were two Holsteins, the average price being \$75 and the highest price secured for any one animal was \$80.

There were six Herefords which sold at an average price of \$140.83. The highest price was captured by Oswald Palmer of Lacombe, for Alberta Hesoid 30th, which sold at \$185.

The shorthorns numbered 23. The average price bid was \$149.17. The highest price realized was \$235 as above stated.

The bidding was keen throughout because it was apparent from the start that there were not enough bulls to go round.

It is evident that interest in beef cattle is on the increase in Alberta.

Farmers

BUY only the best in the Farm Machinery Line. The McCormick Binders and Mowers have no peer. The P. & O. Plows are without a rival. I have a few that are weather beaten and will sell them at a great reduction.

Order your Binder and Mower repairs early

Don't forget that I also handle the Corn King Manure Spreader, Magnet and Dairy Maid Cream Separators, Emerson Plows, Buggies, Democrats, Wagons and the I. H. C. Gasoline Engines.

Pater—Sh! Sh!—my son! Don't start her.

CHOICE TOBACCOES AND CIGARETTES

On the "Made-in-Canada" Train

The special train, bearing the "Made-in-Canada" Exhibit, which left Montreal on May 1st, and is touring the West until July 1st, is creating unusual interest all along the line.

One of its notable exhibits is that of the Imperial Tobacco Company of Canada, Limited, the largest manufacturers of smoking and chewing tobaccos and cigarettes in the Dominion.

In addition to their generous advertising, this company is still further helping all dealers carrying these well known brands by giving away samples and attractive souvenirs to those visiting the "Made-in-Canada" train.

Among the brands thus being advertised and sampled, are those most popular with the men of Western Canada—"Black Watch" Chewing Tobacco, "Shamrock" Quality Plug Smoking Tobacco, "Meerschaum" Cut Plug, "Old Chum" Pipe tobacco, "Player's Navy Cut Cigarettes," "Sweet Caporal" cigarettes and "Columbia" Little Cigars.

Catarrh Cannot Be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, everywhere.

Napper—Did Smith inherit his money or make it?—Neither. He is a corporation lawyer.—Judge.

Ask for Minard's and take no other.

Her Ladyship—Isn't that my garden-er's daughter, Giles?—Giles—Yes, yer ladyship, quite a mistake touching my 'at to er. Why, she's as poor as I be.—Punch.

Asthma Can be Cured...Its suffering is as needless as it is terrible to endure. After its many years of no sufferer can doubt the perfect relief of the most stubborn cures effectiveness of Dr. D. J. D. Kellogg's Asthma Remedy. Comfort of body and peace of mind return with its use and nights of sound sleep come back for good. Ask your druggist; he can supply you.

My dear, dead husband never complained of my cooking.
Praps that is why he's your dear dead husband!

Cured of Shingles and Eczema

Mr. J. H. Jarvis, Kingston.

By Cuticura Soap and Ointment, Chest Raw, Bleeding and Itchy.

"I just want to say a good word for Cuticura Soap and Ointment. In November, 1900, I had what the doctors call shingles and eczema. My chest was raw and bleeding and itchy. I was that way all winter. It was not so bad in the summer. In September it got worse. I had the best doctors treating me, but did me no good, and I was all run down in health. In November, 1910, I got worse again. I sent to you for a sample cake of Cuticura Soap. You sent it to me and I got a box of Cuticura Ointment. I have used two boxes and on the third one it has cured me of shingles and eczema. I am delighted with them and do feel pleased to think I have something I have confidence in. Should anyone be suffering as I did, I hope they will do as I did, and I am sure of the results. I am recommending them from experience." (Signed) J. H. Jarvis, 7 Ann St., Kingston, Ont., May 30, 1911.

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the speediest and most economical treatment for itching, burning, scaly and bleeding skin and scalp humors of young and old. A single set is often sufficient. Cuticura Soap and Ointment are sold throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each with 32-p. booklet on the skin will be mailed free, on application. Address: Foster Bros. & Co., Chem. Corp., 25 Columbus Ave., Boston, U. S. A.

CORRESPONDENCE

THE SAMPLE MARKET

Grain Fixing and Grain Mixing

Dear Mr. Editor,

Will you permit an ordinary homesteader to pass an opinion on a very plausible, and at the same time a very great injury that threatens the grain trade of the West? I refer to the establishment of a sample market.

The grain sharks are making a determined effort to get legal authority to open such markets in Winnipeg and Fort William. The scheme is to take a certain quantity of grain from every carload and place it on view in the grain exchange, and as soon as the car is sold, the car from which the sample is taken is sent to its destination by the railway company. Meanwhile the cars are delayed in transit twenty-four hours, and cars not arriving at Winnipeg before eleven o'clock on Saturday mornings are held until eleven o'clock on the following Monday morning. This means that the loss of time in transit caused by the sample market, reduces the carrying capacity of the railway companies nearly two days in every week. This, on the three main lines of railway to Lake Superior, equals a reduction of about 2,500 out of a total of 15,000 available for the transportation of grain during the whole of the busy season.

Now, sir, I look on this as a very serious matter. The great dry, almost menacing in its intensity, from the Rocky Mountains to the Lake of the Woods, has been and will be. "Give us cars! more cars! more cars!" And every newspaper in Western Canada re-echoes the cry, "more cars!" And this too in the face of the fact that next fall will witness an increase of millions of bushels of grain to be transported to eastern markets. It is nothing short of criminal folly in the face of these facts to place such an obstacle as a sample market in the way to prevent rapid and efficient transportation to Fort William and Port Arthur.

It is seldom, indeed that I can commend the railway companies, but I cannot shut my eyes to the fact that they are all straining every nerve to prepare for the fall rush. They are laying double tracks as quickly as possible. They are improving their terminals. They are largely increasing their elevator storage capacity. They are buying hundreds of locomotives and thousands of cars. And still we stand idly by and see the grain sharks block the march of progress. Not a thousand times no. Rather let us help ourselves to get our grain quickly to the lake front by seeing that no obstacles are needlessly allowed to interfere with the transportation companies. The farmers are perfectly right in asking for more cars, and the railway companies must do their utmost to comply with the demand, but is it not a queer way to get them when we allow the available supply to be cut down to the tune of 2,500 at one lick.

There is another aspect of this barefaced attempt to impose a sample market on us farmers. Ever since the mixing of wheat in the elevators was forbidden by law, desperate attempts have been made by the grain sharks, backed by the big interests, the financiers and very likely by the railway companies, to get at the wheat and play their old game of mixing grades, and robbing us farmers. Once allow a sample market and they can mix wheat to their heart's content. Nothing is easier for them. They buy a number of cars of maybe rejected wheat by sample, then buy a car or two of the higher grade, send the whole to an elevator, dump the good and bad into the same bin, mix the whole thoroughly and steal a higher grade and sell at a price that nets a substantial profit. Thus the mixing is as thoroughly done as it would be if there were no law to prevent it.

The men who are actively seeking to get the sample market established are the same gang who formed the Winnipeg grain combine, which controlled the entire wheat market of Western Canada. They are the men who named the price to be paid for wheat at every shipping point until the farmers got the Grain Act amended so as to compel the railways to accept wheat loaded in cars at loading platforms and the distribution of empty cars to elevators and farmers on equal terms. Ever since, this grain combine has been extremely persistent in their efforts to regain as much as they possibly could of their former control of the grain trade. Their latest is the sample market swindle. I cannot believe that they will succeed. But "eternal vigilance is the price of freedom," from our subjection to the exactions of this unprincipled gang of plutocrats.

I fail to see how we can gain from the opening of a sample market, but, as I have proved, we can lose much. We now have honest inspectors and honest grades. Our markets are free and open, and are beyond the manipulation of greedy men, who seek only to enrich themselves at the cost of the farmers. Let us keep them so.

Yours truly, C.H.B.

Keep Minard's Liniment in the house.

Where ignorance is bliss
We are afraid that the Southern editor, who says a poet, like a child, is better seen than heard never saw a real poet.—Cleveland Dealer.

Happy Married Life

I married a suffragette, said Mr. Cholmondeley Ripplingate of Hyde Park, and for five years have found unspeakable happiness.

I'm glad to hear it, said the suffragette leader.

Yes, said Ripplingate, Mrs. Ripplingate has been in jail four years and three months altogether.—Harper's Weekly.

TWO YEARS SUFFERING

Brought on by a Severe Strain—How a Cure Was Found

Mr. Joseph Stephens, Rosemount, Ont., is one of the great host who continually sound the praises of Dr. Williams' Pink Pills, and he has much reason to do so as they brought him from suffering to health, after he had spent much money and two years of time experimenting with other treatments. Mr. Stephens tells his experience as follows: "In the month of January, 1908, while working in a logging camp at Creston, B.C., I got my back badly injured. I suffered a great deal of pain and was almost helpless. I tried plasters, thinking they would help me, but they were of no use. I took several medicines, equally without benefit. Then I was advised to try electrical treatment and did so for a time, but without getting any permanent relief, and I began to look as though I was going to be permanently crippled. Then I was advised to undergo treatment with a specialist at Spokane, Wash. After examining me he said I was in a very bad shape and that the trouble was likely to result in Bright's disease. However, he told me that he felt sure he could cure me. At a heavy expense I was under his treatment for three months, but did not get the least benefit. I was almost in despair; work was plentiful and wages good, but I could not work, as I was quite unable to bend. I was in this condition for about two years, when my brother, who was with me all the time, came across one of Dr. Williams' pamphlets and read of the great work Dr. Williams' Pink Pills were doing. He urged me to try them, but I thought it would be useless to spend more money after all the other treatment had failed. He insisted, however, and got a dozen boxes of the Pills and I began to take them. Before I had used a half dozen boxes I felt relief, and I continued taking the Pills until every vestige of the pain was gone, and I could raise my hands above my head and then bend until I could touch my toes with my fingers, something I had not been able to do for over two years. My cure was a great surprise to my comrades, and you may be sure I told them what had brought it about. I am now as well and strong as any man in the country and I owe it all to Dr. Williams' Pink Pills."

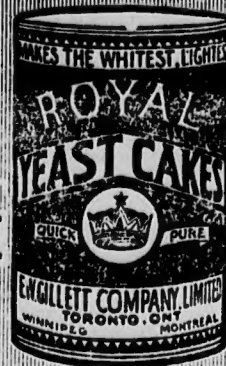

Sold by all dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE KIND THAT PLEASES THE PEOPLE

MOST PERFECT MADE

What did Noah live on when the flood had subsided and his provisions in the ark were exhausted? asked a Sunday school teacher of her class on Sunday. "I know," squeaked a little girl after all the others had given up. "Well what? Inquired the teacher. "Dry land."—Tit-Bits.

The Irrepressible Conflict
Ho! sneered Tommie. You ain't any body. Your papa ain't got any orty-moblie like my papa has. Maybe he ain't, retorted Billie, but we've got a camphor chest upstairs in our attic that smells like one.—Harper's Weekly.

Get My New portable GRANARY

"SEE how handy my new granary is. You place four or five of them around your quarter section. This saves time in harvest hauling to stacks."

"Then my granaries come in to hold your grain from each stack. My granary keeps grain clean, dry and unharmed. No musty grain, no losses from rats or vermin. When ready haul direct to the elevator from the granaries."

"I make several sizes of this handy granary. You can get 150, 200, 300, 400, 500, 600 and 1000, full measure guaranteed Imperial Bushel sizes (not small U.S. bushels) and you set up any Pedlar Granary in half a day. Remember you can move it easily any time. My Granary saves big money by cutting down teaming and keeping the grain right."

"See how the man at the left can shovel grain in from the threshing machine, if it has no leg-spout to deliver grain direct through the manhole on the roof. The other man is bagging grain. Granaries are had with door-section or plain, as desired. My new Granary is just right for saving cost. It pays for itself in a year. It comes in sections—low freight cost. A boy can set up. Write for my descriptive booklet."

AROUND THE TOWN

The local lodge of Masons are contemplating building a Masonic hall in Didsbury.

J. O. Williams, a former resident of Didsbury, now of Camrose, paid Didsbury a business visit on Friday last.

The band stand for the park on Railway avenue will be started in a day or two, the ground having already been staked out

The death of Mrs. A. Bolander of the Waterloo settlement took place on Sunday last. She was about 50 years of age. Besides her husband Mrs. Bolander leaves four sons and one daughter, Mrs. D. D. James of Elkton, to mourn her loss.

In regard to the fire wall which the business men in the postoffice block were contemplating building matters are at a standstill as Reed Bros. have been informed by the inspector that the Western Canada Fire Underwriters Association state that nothing can be done in regard to any fire wall in town until the new specifications are complete.

Highest cash price paid for eggs. Early Ohio seed potatoes for sale. A. A. Perrin, egg merchant, Didsbury.

Didsbury 5, Carstairs 0

The Didsbury football team went to Carstairs on Saturday night last to play a league game of football with the team of that town.

Although the game was a good one Carstairs ball chasers were outplayed to the tune of 5-0, but this was the first game they had played this season and something different may be looked for before the close of the season.

The Didsbury boys were in extra good shape and played a whirlwind game. Rooters who went down with the team state that they were on the job all the time.

The line up for Didsbury was as follows: Goal, L. Good; backs, N. Kalbfleisch and Reiber; half backs, Snyder, Mackay and McGee; forwards, Cole, Black, Topliffe, Kaufman and H. Siebel.

The credit for the score is given to Siebel 2 goals, Cole 2 and Kaufman 1.

The next game will be played on Friday night on the home grounds with Carstairs, and it is hoped that a good crowd will turn out to support the boys.

At a meeting held a few nights ago J. McGee was elected captain of the team and L. Kalbfleisch manager.

The game at Red Deer with Olds on Monday resulted in a score of 5-1 in favor of Red Deer.

On account of rain the game between Olds and Carstairs was not played last week.

Didsbury W. C. T. U.

The regular meeting of the W. C. T. U. will be held in the Ev. church on Monday, June 10th, at 4 p. m.

The order of the meeting will be a parliamentary drill.

Ordination

(Continued.)

At the invitation of the Didsbury Baptist church representatives from a number of sister churches met with the church at Didsbury on Tuesday, May 28th, to consider the advisability of ordaining its pastor, A. J. Milton, to the gospel ministry.

The meeting was called to order by Superintendent C. C. McLaurin at about 3 p. m.

Those present were: Calgary, First Church, Pastor Sycamore, A. W. Ward; Crescent Heights, Pastor Kempton; High River, Pastor Green; Ponoka, Pastor Bracken; Innisfail, Pastor Hahershon, Mr. Underwood; Westcott, Pastor Orris, W. Findlay; Olds, Pastor Telford; Didsbury, Mr. McNaughton, Mr. Gertz, the board, Supt. C. C. McLaurin.

Rev. C. C. McLaurin was appointed moderator, W. R. Telford clerk.

The council as thus organized was accepted by the church.

Pastors Groom and Bagnall were invited to a seat on the council.

The moderator called upon Pastor Milton to give his statement with reference to his conversion, call to the ministry and views of truth.

At the conclusion of the examination, about six o'clock, the council withdrew, and after some discussion decided to recommend Bro. Milton for ordination.

This announcement having been made to the congregation, the following order of service was arranged for the evening: Scripture lesson, Pastor Green; prayer, Pastor Groom; ordination prayer, Pastor Telford; charge to the church, Pastor Kempton; charge to the candidate, Pastor Hahershon; hand of fellowship, Pastor Bracken.

The evening service convened at 7.40. The moderator made sym-

THE CHOICEST MEAT from selected, well-fed, healthy animals is the only kind we sell. If you want lamb, pork, veal, or BEEF THAT IS TENDER, juicy and delicately flavored, you can always get the best cuts here. Our service is courteous, our delivery prompt and our prices fair. M. E. JONES, Prop. Phone 42

thetic reference to the entrance of death into two homes in the town, taking away two bright children. Earnest prayer was offered for God's sustaining grace for these homes. The order of service as above was then carried out.

Rev. J. C. Sycamore took as his text Rev. 2-13. The session closed with prayer by Rev. A. J. Milton.

Assistance rendered by the members of the Methodist choir and Mrs. Rickard, in the service of song, was very much appreciated.
